

ZineGlob: Moroccan Argan oil wholesaler and exporter

Москва, Россия

A perennial Moroccan topical remedy, argan oil has been well established for skin and hair hydration. In skincare, cosmetic argan oil contains high levels of sterols, polyphenols, and fatty acids, which enable the benefits of argan oil on the skin to include antioxidant, anti-aging, and moisturizing properties.

Our company ZINEGLOB based in Agadir, Morocco. provides Organic ARGAN OIL. We put our best efforts to provide the highest Argan oil quality, which doesn't have a smell, and completely clean of any chemicals. Our bulk oil is fresh, pure, organic certified by USDA and FDA. Many large cosmetic brands are already taking advantage of the private label facility which is provided by our company ZineGlob. By placing the bulk order, you are bound to get the best prices, alongside many other advantages including bottling, labeling, packing, and shipping.

As a business, these would mean a lot better advantageous for you over your competitors. Starting an Argan oil business with availing the private label service will help you to focus on building the oil brand and growing business without worrying about the production bottlenecks.

Extracted by cold press from argan kernels, this argan oil is first grade and 100% organic to propose the best quality to our customers. It's available in 5 liters, 10 liters bulks and even in metallic drums of 220 liters.
