Москва, Россия

Waterpillar is right at home in salt water or fresh water, and can handle rough ocean surf or glassy lakes.

One or two adults and children over the age of 8 can easily ride the Waterpillar. Each rider has a set of pedals, yet it is as easily operated by one person as by two. One person does the steering by operating hand levers to independently engage or disengage each wheel, allowing the Waterpillar to "turn on a dime". With 2, 2m diameter wheels and a width of 2, 5m, the Waterpillar is stable in almost any aquatic environment.

Now fitted with a Water Cannon that shoots water 13m! An extra element of fun!! One person can steer while the other shoots the cannon! Great fun for the whole family! you can either float about, or chase down other riders and engage in water wars! Discount available.
