Hello, my name is Daniel. I am certified tour guide in Kyrgyzstan with extensive experience. I am also a driver on my own 4 wheel drive car and I offer you my services. During my excursions, tours (in my car) I will try to give you the whole range of sensations from Kyrgyzstan, starting with history and traditions ending with food, life and people. I will show you all the beauty of this small country with a big heart and friendly people. In a word, Kyrgyzstan is a place that is better to see once than to regret it all your life.
